NEW BOOK OF BRYAN

Discusses the Relations of the United States to Philippines.

VIEWS OF OTHER WRITERS.

Special Subjects Are Treated by Andrew Carnegie, Senator Hoar, Daniels and Teller—A Brief Review of Work.

Chicago, April 6.—The Hon. William J. Bryan is to publish a book entitled "Republic or Empire—The Philippine Question," in which he discusses territorial expansion from every standpoint, his argument being supplemented by chapters dealing with the various phases of the subject by Andrew Carnegie, George F. Hoar, John W. Daniels, Henry M. Teller and other statesmen and scholars.

As to imperialism, Mr. Bryan says: "Imperialism finds its inspiration in dollars, not in duty. It is not our duty to burden our people with increased taxes in order to give a few speculators an opportunity for exploitation; it is not our duty to sacrifice the best blood of our nation in tropical jungles in an attempt to stifle the very sentiments which have given vitality to American institutions; it is not our duty to deny to the people of the Philippines; the rights for which our forefathers fought from Bunker Hill to Yorktown. Imperialism has been described as 'the white man's burden.' But since it crushes the wealthy producer beneath an increasing weight of taxes it might with more propriety be called 'the poor man's load.'

"If the peace commissioners had demanded a harbor and coaling station in the Philippines, and had required Spain to surrender the rest of the island to the Filipinos, as she surrendered Cuba to the Cubans, we would not be considering how to let go of the islands. If the sum of \$20,000,000 had been necessary to secure Spain's release, the payment of the amount by the Filipinos might have been guaranteed by the United States."

Mr. Bryan also says the purpose of annexation is to apply to the government of the Philippines methods familiar to the people of Europe and Asia, but new in the United States. This departure from traditions was not authorized by the people; whether it will be retired by them remains to be seen. The responsibility rests first upon congress and afterwards upon that power which makes congresses.

Mr. Carnegie thinks "India is the curse of Britain, and the Philippines will be the curse of the United States. If you teach suppressed people at all, you make them rebels. Education is fatal to the government of a superior race. The declaration of independence will make every ambitious Filipino a thoroughly dissatisfied subject."

"In war," says Mr. Daniels, "it is the unexpected that happens. So in every great and new adventure of peace. We are asked now to sail forth 7,000 miles from our native seat to grasp, against their will, 1,000,000 of unwilling people—to seize upon them, to take them by force of arms and deposit them, land and people, within the lines of the constitution under the American flag, to make them an integral part of this American republic."

According to Mr. Teller, "We shall make a mistake if we make up our minds that we are going to govern those people from here, but we are going to govern them with the Anglo-Saxon ones, whom we sent out from here to administer the affairs of that country. You will need your 50,000 soldiers, and in a little while you will need more, for they are a great people. They are a people who know something of their rights. They are a people who are willing to contend for them, and I believe it to be almost an axiom that a people who will fight for their liberty, and who are willing to die for it, are capable of maintaining it when they get it."

Bryan Will Attend.

New York, April 6.—E. V. Brewster, who is managing the Chicago platform Jefferson dinner, to be given in this city, received the following telegram from William J. Bryan, dated at Lincoln: "Will attend dinner April 15. All speakers should be supporters of Chicago platform."

Fireman Fatally Injured.

Chicago, April 6.—Fire in the offices of the Chicago and Western Indiana railway, on the third floor of the Dearborn station, threatened for a short time the entire structure. Lawrence Walsh, a fireman, fell to the pavement from an upper window. He will die.

Hobart's Condition.

Washington, April 6.—Vice President Hobart's condition is about the same. There is said to be no cause for alarm. He is said to be suffering principally from acute indigestion.

OUTLOOK FOR WHEAT.

Production Estimated at Twenty Million Less Than Last Year.

Chicago, April 6.—The Daily Trade Bulletin publishes a summary of estimates by its correspondence on the area seeded to winter wheat, and the percentage of damage by the unseasonable weather during the past two months.

The reports show: East of the Allegheny mountains the damage was slight, as the crop was fairly well protected by snow. The same is true of Ohio and Michigan. Indiana, considerable damage is reported, while in southern Illinois the outlook is very unfavorable.

In Missouri considerable damage has been sustained. Reports from Kansas are decidedly unfavorable, and the loss in that state is quite serious. In the northern part of Kentucky the crop is in rather good condition, but in the southern part of the state and in Tennessee the severe weather made inroads on the growing crops, the loss is fairly large, and in Nebraska the outlook is decidedly discouraging. In California the prospects are excellent.

A summary of the reports, in conjunction with late state reports, indicate that the condition of the winter wheat crop of the United States is not to exceed 75—which even on the increased acreage would not produce to exceed 355,000,000 bushels to 360,000,000 bushels, or 20,000,000 less than last year.

States east of the Rocky mountains will probably show a shortage of 35,000,000.

Archbishopric Conferred:

New Orleans, April 6.—In the presence of a congregation which crowded the old St. Louis cathedral to the doors the pallium, the insignia of office of an archbishop, was conferred on Mgr. Chappelle, archbishop of New Orleans, by the Rt. Rev. Edward Fitzgerald, bishop of Little Rock and senior bishop of the province of which the see of New Orleans is the ecclesiastical front. Bishop Dunne preached the sermon in English and Father Knapp in French.

Plenty of Rain.

Dallas, April 6.—The most severe winter drought that the state has known for a quarter of a century is broken by a rain that has fallen continuously in Dallas for six hours and for a longer period in the east, north and west. Every inch of Texas is soaking wet. Already rain worth millions of dollars to the farmers' and ranchmen has fallen. The crops are saved, and the ranches will have grass and stock water.

More Snow Out West.

Marysville, Mo., April 6.—Another snow fell over northwest Missouri. The continued bad weather is preventing farm work, and farmers are becoming discouraged. The recent snows and rains have raised the Nodaway and Platte rivers. Heavy losses by overflows are feared.

Escape of Prisoners.

Vincennes, Ind., April 6.—Abe Rothchild and Albert Stanfield, who were arrested to answer to the charge of using the mails to defraud and were held for federal grand jury investigation, escaped from the train here while manacled together. They were en route to Indianapolis to be arraigned. The Evansville officer went to sleep, and when the train arrived here the prisoners jumped off and walked away.

Return of Volunteers.

Washington, April 6.—All troops which are to return to the United States for muster out are expected to return before May 1. About 13,000 returned in March, and it is expected that 25,000 more will arrive during the present month. Every precaution is being taken by the war department and the marine hospital service to prevent the introduction of infection from these troops.

Tailors Strike.

Grand Rapids, April 6.—A general strike of tailors in Grand Rapids shops and clothing stores was ordered. The strike began because of refusal to advance wages, but several firms that signed an agreement with the men have now withdrawn their names. This led to the order for a general tie-up.

Agreed On Two Points.

Berlin, April 6.—An agreement has been reached between the three powers (the United States, Great Britain and Germany) on two propositions, namely: The appointment by each power of a high official to investigate and regulate the conditions prevailing at Samoa and the making of unanimity necessary in all decisions of these high officials.

Chicago Competitors Will Attend.

Philadelphia, April 6.—Coach Stagg of the University of Chicago has notified the committee in charge of the relay races to be held in this city on April 29, that he will send a relay team here to compete. Burrows, Chicago's sprinter, would be among the entries of the 120-yard event.

UPRISING OF BANDITS.

Officials on the Island of Negros Seized and Killed.

MASSACRE OF FOREIGNERS.

Lender of the Rebellion Calls Upon the Natives to Exterminate the Americans and Spaniards—Outbreak Quell'd.

Manilla, April 6.—Colonel Smith, the governor of the island of Negros, reports that a number of bandits, headed by a man named Papalissio, attempted a rebellion on March 27, and killed several officials of Jumamayan.

He also captured other officials and issued a proclamation calling upon the natives to rise and exterminate the Americans and Spaniards.

Major Sime and two companies of the California regiment were dispatched by water to the scene of the disturbance and Colonel Duboce and two other companies of troops were sent overland.

On April 2 this force marched 12 miles and captured Labseid, the headquarters of the bandits and destroyed the town. The troops also captured 35 prisoners and scattered Papalissio's forces, thus effectually quelling the rebellion at the outset.

About Huber.

Washington, April 6.—General Otis has sent a dispatch replying to inquiries made in regard to one Huber. Senator Perkins of California had informed the department that it was believed that Huber had been killed by the insurgents. The reply of General Otis says: "Huber, hospital corps, in urgent prisoner, passed beyond lines without permission seven days before hostilities commenced, having camera and revolver. Was arrested near Malolos because armed and taking photographs; was in civilian clothes; claimed to be British seaman; was in fair health Feb 10, when money was furnished him, with promise of more to follow. He and three other prisoners arrested before hostilities commenced were at Malolos 10 days before capture of city. Believed that all are alive."

Suspension of Hostilities.

Manilla, April 6.—There has been a weeks respite in the hostilities, chiefly in order to allow the Filipinos to digest the proclamation of the United States commission. The rebels remain remarkably quiet. The sharpshooters of General Lawton's lines have borrowed the Filipino tactics, and are harassing the rebels at night, picking off some of them nightly. Malolos is resuming its natural aspect, business is going on, preparations are being made to establish a permanent camp for the troops there, and the soldiers are cleaning the city.

Furnished With New Rifles.

Manilla, April 6.—A third of the American force at Malolos is sent nightly to form an advanced line a mile north of the city, with patrols and sentries ahead of the line. General MacArthur's volunteers are receiving Krag-Jorgensen rifles, the Filipinos having discovered that they could effectively employ their Mauser rifles and retreat before the Americans approached near enough to use their Springfield rifles with effect.

Going to Manilla.

Philadelphia, April 6.—Fifty marines will leave the League Island navy yard en route to Manilla. They will be joined by 200 more in New York and proceed to San Francisco. From there they will sail for the Philippines to join the marine garrison, now forming in Cavite.

Ordered to Manilla.

Leavenworth, Kan., April 6.—Orders to send 25 members of the hospital corps from Fort Leavenworth to Manilla were received at Fort Leavenworth from the war department.

A WARSHIP.

Has Been Ordered to Bluefields to Protect American Interests.

Washington, April 6.—The Detroit, now at LaGuaya, has been ordered posthaste to Costa Rica.

The American business interests and residents there are in trouble as the result of an insurrectionary movement in progress. It is understood the insurgents are levying forced loans on them, besides collecting exorbitant and double duties on imports, and the state department has been appealed to.

The department has also acted vigorously in the interest of the American residents at Bluefields. The United States diplomatic representative at Bluefields has been instructed to lodge an energetic protest with the Nicaraguan government against the arbitrary and extortionate action of General Torres, and this will be followed up by more substantial action, if the protest is disregarded.

TO PRESERVE BEEF.

A Letter From a Packing Firm Submitted as Evidence.

Washington, April 6.—In the army beef court of inquiry the letter of Armour & Company, proposing to use the Powell process for the preservation of beef, was submitted as evidence by Major Lee, acting for General Miles. It was addressed to the commissary general, dated at the firm's Washington office July 13, 1898, and read in part as follows:

"As supplementary and explanatory of our bid to supply dressed beef in Cuba, we wish to say that we have the exclusive control of the Powell process for preserving fresh meats, and that this process has been tested at Tampa, Fla., the test having been completed with most satisfactory results. This test was made under the supervision of Colonel John Weston of your department. We are advised, however, that he had received four carcasses of beef, which we sent him from Chicago duly refrigerated and treated according to the Powell processes.

"The pieces that were not wrapped perished in less than 72 hours, while the pieces that were covered or wrapped kept about 100 hours.

"These practical tests, made under the supervision of your own officer, show that by means of this process carcasses can be kept longer than the 72 hours required by your specifications."

The testimony began with Dr. L. Clifford Cox, assistant surgeon in the volunteers of the District of Columbia. He was at Tampa and in Cuba, and testified that the command was attacked with diarrhoea to the extent of an epidemic after eating refrigerator beef at both places. After the second attack of this character the regimental surgeon had ordered that this beef issue be stopped. When this was done the diarrhoea ceased.

Spoiled Provisions.

Havana, April 6.—Captain Neil Gaines, in charge of the relief of the destitute of Havana and provost of this city, has declined to give a receipt and thus make himself accountable for 50,000 cans of beef, 300,000 cans of tomatoes and quantities of dried apples and other stores, knowing that part of these provisions is spoiled. Acting Chief Commissary Bartlett wrote to Captain Gaines five days ago, directing him by order of the division commander, to receive from Major J. C. Mulliken of the subsistence department these stores. Captain Gaines, however, saw a lot of spoiled meat and asked General Ludlow to cause an inspection to be made. The department inspector, by General Ludlow's order, investigated the matter and found enough rotten meat to warrant asking for the appointment of a board of survey.

Burial of Dead Heroes.

Washington, April 6.—With full military honors, in the presence of President McKinley and his cabinet and a multitude of people, the bodies of the 336 dead heroes, who gave their lives for their country in Cuba or Porto Rico during the Spanish-American war, were consigned at 2 p. m. to their last resting place in Arlington cemetery, where repose the remains of thousands of the honored dead soldiers and officers of the civil war. The government departments and the federal courts were all closed at noon, and the flags over the government buildings, the barracks, navy yard and the forts along the Potomac were half-masted. The military escort comprised all the artillery troops at the Washington barracks.

Indianapolis Street Car Contract.

Indianapolis, April 6.—A contract for a 34-year franchise for the Indianapolis Street Railway company was signed. Under the contract the company is to pay the city \$1,100,000 in cash in installments. The cash fare is to be 5 cents; six tickets for a quarter, and 25 tickets for \$1, all with transfer privileges. The company also binds itself to bear the cost of paving between the tracks and for 18 inches on either side.

Shot by a Colored Man.

New York, April 6.—Frank McBride, who says he is a laborer, but who the police say is a crook, was fatally shot by William F. Murray, a colored man. McBride, when he was shot, was trying to force his way into a tenement house on Twenty-seventh street, where Murray is innitor. Murray was arrested, and while being taken to the police station a big crowd attempted to assault him. Cries of "lynch him" were frequently heard, but Murray was finally put safely in a cell.

Spoke a Disabled Steamer.

New York, April 6.—The Anchor line steamer *Furnessia*, which arrived from Glasgow, reports that on April 3 she spoke the steamer *Kairos*, from New Orleans to Glasgow, lying to with her rudder damaged. The Bristol City line steamer *Exeter City*, from Swansea for New York, was then passing a hawser to the disabled steamer, in tending to tow her to Halifax. Moderate weather prevailed in the time.

AMERICAN DELEGATES

To the Disarmament Congress Named by Secretary of State.

WILL MEET AT THE HAGUE

Andrew White, the United States Ambassador to Germany, Heads the List—A New York Man Will Be Secretary.

Washington, April 6.—The secretary of state has announced the constitution of the United States delegation to the disarmament congress, which will meet at The Hague in the latter part of May. The delegation consists of Andrew White, United States ambassador at Berlin; Mr. Newell, United States minister to the Netherlands; President Seth Low of the Columbia university, New York; Captain Crozier of the ordnance department, United States army, and Captain A. T. Mahan, United States navy, retired. Mr. Frederick Holls of New York will be secretary of the delegation.

AMBASSADOR WHITE

Talks About the Coming Peace Conference at The Hague.

Berlin, April 6.—When Andrew D. White, the United States ambassador, told a correspondent here, in reply to an inquiry, that he knew of the report that he had been appointed to represent the United States at the peace conference, his appointment had really not arrived, owing partly to the fact that Mr. White had deliberated for a long while.

After speaking to the correspondent Mr. White sent a cable dispatch accepting the appointment, and later he informed the correspondent that he believes four delegates and one secretary will be sent to The Hague by the United States. The secretary, he added, will be a New Yorker, a friend of President McKinley, and a most competent man.

Mr. White further expressed the belief that the conference will meet on the czar's birthday, May 18.

HON. TOM L. JOHNSON.

Predicts the Free Riding of People on Street Cars.

Cleveland, April 6.—Hon. Tom L. Johnson, the widely known street car magnate, in an interview here is quoted as saying: "The time is going to come when the people will ride free upon the street cars, run and operated by a municipality, the same as they now get their letters delivered to them by the postal system.

Municipal control is as easily handled as governmental control. Politics would not be able to cut any figure. In every separate organization, where the servants of the company, government or municipality are subject to examination by public sentiment, where free access to the inner workings is made possible, no corruption is found. It is only in the hidden byways that political chicanery can be possible."

Business Block Burned.

DEMOCRATIC STATE CONVENTION.

At a meeting held by the Democratic State Executive Committee in the city of Lexington on March 8th, 1899, it was ordered that a State convention be held in Louisville on Wednesday, June 21st, 1899, for the purpose of nominating Democratic candidates for State officers to be voted for November 7th, 1899, the convention to be called to order at 11 o'clock a.m.

Delegates to said State convention shall be chosen at county mass conventions to be held at the various county court houses in counties having but one legislative district, of which due notice shall be given by the various County Committees. In counties having more than one legislative district there shall be a convention for each legislative district to be held at some convenient point to be indicated by the chairman of the Legislative District Committee, who shall advertise in the local papers the location for said convention at least ten days prior to the date fixed by this committee. Said county and legislative district conventions shall be held at 2 o'clock p.m., standard time, on June 17th, 1899. Said conventions shall be called to order by the chairman of the respective County or Legislative District Committees.

The basis of representation of each county to the said State convention shall be one delegate for each 200 votes and fraction of 100 or more votes cast for the head of the Democratic Electoral ticket in the Presidential election in 1896, provided that each county shall have at least one delegate vote. All known Democrats and others who supported W. J. Bryan for President and those who pledge themselves to support the nominees of said State convention shall be entitled to participate in the county or legislative district conventions.

River News.

Virginia down this evening and Nisbet to-night. Up to-night the Urania.

The New City of Cincinnati came up to Cincinnati Thursday where she will receive her outfit. She will be ready for business in about two weeks.

Mrs. W. P. Walker, the widow of the late W. P. Walker, Jr., who died in New York City recently, was the daughter of Captain Sam B. Hempstead, who formerly resided in Hanging Rock, Ohio, and who built several steamers called Cricket, and owned the Izetta, navigating the Ohio river during the Civil war.

The new steamer Speedwell has commenced her trips between Portsmouth and Pomeroy—up one day and down the next. She will be commanded by Captain Gus Honsell, Clete Crawford, engineer, and Gene Gwinn in the office. She has been fitted over and furnished in fine style for any passenger trade. The Speedwell is the old Handy.

THE WORKMAN CASE.

An Old Man Who Slew His Son-in-Law Goes Free—Reasons For Dismissing Indictment.

Harve Workman shot and killed his son-in-law, Win. Workman, at Santa Fe, on the edge of the Bracken and Robertson County line, some four years ago.

The case was finally taken to Robertson on a change of venue from Bracken, and at the recent term of the Robertson Circuit Court, the trial resulted in a hung jury. On the day following, Prosecuting Attorney Fryer offered the following, which forever disposes of the case, and returns Harvey Workman once more a free man, to his home:

The prosecution in this case has been pending since 1896 and there have been two trials of the case, each of which resulted in a failure to arrive at a verdict. The defendant is seventy-five years of age very feeble and nearly blind. By reason of his age, health and circumstances connected with the case, I don't believe a conviction can be had by further prosecution.

Hon. O. S. Denning and Samuel Holmes, counsel employed to assist the Commonwealth, came in the foregoings.

I respectfully ask that the indictment be dismissed.

Hicks' Forecasts for Ensuing Week.

Here's Prof. Irl S. Hicks' forecast for ensuing week: "The moon passes over the celestial equator on the 7th and is new on the 10th," indicating that a very warm wave for the season will appear during this period. A general low barometer will also develop and many storms of rain and hail will cross the country from West to East. No one should be surprised if a smack of late sleet and snow visits northern sections as a sequel to the commotions of this period. As a rule in such cases, the warm weather does not break down until the moon reaches or has passed its new.

New moon being on the 10th, we predict that storm conditions will reach their maximum about Saturday, Sunday and Monday, the 8th, 9th and 10th, and be followed promptly by sharp change to cooler on and about the 11th."

Messrs. Walter S. Watson and E. H. Watson will engage in the brokerage business at New York City. Their many friends unite in wishing them success in their new venture.

THE TOBACCO COMBINE.

The Trust Has Been Completed—It Means a Loss of \$100,000 a Week to the Growers.

[Cincinnati Post.]

It is understood from New York that the option held by a syndicate of Union Tobacco Company people in the Liggett & Myers plug plant at St. Louis has been finally taken up. The Union Company has been absorbed by the American Tobacco Company and the Liggett & Myers plant has also been turned over to the trust.

The supposition is that the trust will turn it over to the Continental Tobacco Company, the plug trust, in which it formerly was largely interested. The recent advance of 2c. per pound in plug tobacco bears out the story that the plug trust is at last almost alone in the field. This will mean that it will have the power to do immense injury to the tobacco interests of Ohio and Kentucky.

Continental Tobacco Company stock has jumped 10 per cent. in the last two weeks and the American Tobacco Company stock Wednesday struck 22½—the highest on record.

The white burley leaf tobacco-growers of the whole world are, no doubt, to be found in a small section of Southern Ohio, that part of Kentucky bounded by the Ohio and the Kentucky rivers, a large and important slice of West Virginia and a few counties in Missouri nearest the Iowa line. The tobacco-growing farmers in these sections are now receiving \$100,000 a week less for their tobacco than they were receiving six months ago.

Cincinnati records show it.

Five million two hundred thousand dollars is thus lost to the farmers yearly.

Two thousand hogsheads of tobacco are sold each week in the Cincinnati market, not to mention the sales of white burley at Louisville. Six months ago tobacco was \$5 and \$6 a hundred higher than it is now. The trust is credited with this.

On every hogshead of tobacco now sold in the Cincinnati market \$50 is lost to the farmer, speculator or redyer owning the tobacco.

The trust is simply looking on now. So is the grower. The warehousemen know not which way to turn for relief. "We serve both alike," said President Lee H. Brooks, of the local association Thursday. "The warehousemen can not afford to be partial."

Four buyers for the trust with but a single thought have taken the place of nearly twenty-four buyers, each acting separately.

OLD GLORY.

The Entertainment Last Night by Local Talent Proved Very Enjoyable.

The benefit play "Old Glory" for the Washington Fire Company last night was quite a success, and would have been greeted with a larger house under more favorable circumstances.

The play is full of action and patriotism and gave fine scope to those taking part.

Mr. Curran was as usual inimitable, and as the irrepressible yankee did some fine comedy work.

Mr. Ben Cox as the heavy villain was very villainous. Indeed he did what a-nateurs can seldom do—cause the audience to lose sight of his personality entirely, and see only the character he assumes. His acting was not overdone, but easy and natural and smooth throughout.

Mr. Dulin Moss held the sympathy of the audience—though he certainly should have felt ample compensation for all his woes in the opportunities his role afforded.

Mr. Henry Wadsworth as Don Romero made a splendid stage picture; his costume was faultless.

Miss Stevenson was a very heroic heroine—her role called for strong action and got it. She made a very dainty picture in her many exquisite costumes.

Miss Hunter did superb work in her very difficult role of the Mad Mora. She sustained the extreme antithesis of what she is; age, hideousness and madness with utmost sincerity.

The other parts were well sustained. The dances were quite beautiful, and altogether it was a very enjoyable entertainment.

The entertainment will be given tonight again, so go and help a worthy organization. You will get your money's worth many times over. The prices are 25, 35 and 50 cents.

AUGUSTA Chronicle: "Dr. J. M. Fraze, of Maysville, was here for an hour or so Monday morning. He is making a canvass for the Democratic nomination for Commissioner of Agriculture, and says that he is meeting with encouragement all over the State. Dr. Fraze is a good, safe and reliable man and will add strength to the ticket if nominated."

THE State Board of Prison Commissioners this week let the contract for the establishment of a new electric light plant to be erected at a cost of \$3,000. Improvements at the Eddyville penitentiary were also contracted for. The monthly report showed the prison working more men and at a better price than ever before in the history of the institution.

All the roads are rate disturbers and particularly the Monon and Lake Erie.

UNDER the auspices of the Academy Reading Circle, a most enjoyable lecture was delivered, Wednesday afternoon, at St. Francis de Sales Academy. The lecturer, Honorable A. A. Wadsworth, handled his subject "Hamlet" with a grace and ability which marked him not only as a lover of Shakespeare, but as a close student of this master poet. After the lecture, the members of the circle held a reception in honor of Judge and Mrs. Wadsworth, Mrs. John H. Hunt acting as hostess, assisted by two of the young ladies of the academy.

The New Suits

An instructive showing. If you haven't seen it you have no idea of the strides which have been made in ready-to-wear garments. Every suit has the mark of beauty and style. The tailor-made gown is essentially an American production. As we said recently, New York gives lessons to Paris and London in this branch of costuming. This season our designs not only surpassed their rivals, they have surpassed themselves. Allow us to show you—it is no trouble, whether you buy or not; \$8.50 to \$20.

EMBROIDERIES.

The kind you begin by liking but do not fully appreciate until you have washed them a few times. They're the kind that stand tubbing. They don't get stringy and mangy. That's because they are made on a hand machine, not rolled off by steam. Nevertheless, the \$1 sorts for 5c. a yard; the 15c. sorts for 10c. a yard; the 20c. sorts for 15c. a yard.

LATE ARRIVALS.—Placket fasteners, 3 for 5c.; hand-embroidered Doylies, white silk scallop, flower and foliage in natural colors, pretty open work borders, 25c.; Tie Chains, crystals or amethyst, 25c.; new Sash Pins, 5c.; Cyrano Chains, pearl and turquoise and other fancy sorts, 25c., 50c.; Pocketbooks in many different leathers, 25c. to \$1.

NEW

Carpets and Rugs!

The carpenters have now finished the work of enlarging our CARPET room. Our stock of new CARPETS and RUGS are so large that we needed much additional space to handle them. We believe that we now have a Carpet department that would do credit to any metropolitan store. From the cheapest Hemp Carpet at 8c, to the best of Axminster at 90c., there is not a roll but what will prove of exceptional value for the price asked. We are showing a larger and better assortment of Ingrains and Brussels than ever before. You'll find here the very choicest of patterns to select from, and you have the further advantage of seeing just how the Carpet is going to look on your floor. We have also an immense stock of SMYRNA and MOQUETTE RUGS and magnificent ART SQUARES. We know that if you will let us supply your Carpet wants we will save you money.

SOME RARE

Shirt Waist Bargains!

We carried over from last season about ten dozen SHIRT WAISTS. Rather than mix them with the new stock we have placed 'em on a separate counter and marked prices less than cost. The 49c. and 59c. kind are now 29c. Last year's 75c. price has been marked down to 39c. Waists that were lowly priced at \$1 and \$1.25 are now 59c. There are also a few that were \$2.00, now 98c. These Waists will sell quickly. Come before best are picked over.

WORKING FOR THE CITY.

What the Board of Trade Has Done and is Doing Along This Line—Last Night's Meeting.

The Board of Trade held its quarterly meeting last evening. Several things tended to cut down the attendance but what was lacking in this respect was made up, by the zeal enthusiasm and admirable spirit of those present. In the absence of the Secretary M. F. Marsb acted as Secretary pro tem.

President Duley addressed the meeting, giving briefly some of the results already accomplished by the board, and stated that several other schemes for the improvement of the city were under consideration. Through the efforts of the board, permission has been secured from the City Council for monthly stock sales (on each County Court day), half fare for next Monday had been obtained from the various bus lines leading into the city, arrangements had been made for free ferrage for Monday for parties coming from Ohio, and some special attractions had been obtained for the day.

The board now has about 200 members. No membership fee will be charged those who join before May 1st. The annual dues, however, are \$2, for defraying expenses of the board—\$1 payable April 1st and \$1 payable October 1st.

Followed Her Sweetheart to Cincinnati.

"The fifteen-year-old daughter of Mrs. Mollie McLane, of Maysville, Ky., who ran away from home was found Thursday, at the home of her uncle, Jas. A. Garret, a watchman, of Sixth street and Boldface road," says the Cincinnati Post.

"The girl ran away because she had to work 12 hours each day in a cotton factory, at \$3 per week.

"Her lover, George Bradford, eighteen years, had come to Cincinnati seeking employment, and she followed him."

When Traveling

Whether on pleasure bent or business, take every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches, and other forms of sickness. For sale in 50 cent bottles by all leading druggists. Manufactured by the California Fig Syrup Co. only.

MRS. JANE STOREY, of Flemingsburg, died this week.

THE NATIONAL BANK OF CYNTHIANA has individual deposits of over \$500,000.

BOWIE COUNTY will spend nearly \$5,000 this spring improving her court house.

FOR SALE.—Blank deeds and a supply of magistrate's blanks. Apply at this office.

DOVER'S public school closes to-day. Prof. W. C. Slye, the teacher, has given general satisfaction.

J. T. PARKER'S new stable is now ready to accommodate the public. Horses for sale and hire. Fancy turnouts a specialty.

CIRCUIT JUDGE JAMES P. HARDISON charged the grand jury in session at Greenup in a very pronounced manner as to gambling and carrying concealed deadly weapons.

HEADACHES AND nervousness are caused by improper glasses and not wearing glasses when needed. I guarantee perfect vision, or no charge,—examine the eyes free and give lowest prices. Call and let me show you what I can do for you. BALLINGER, jeweler and optician.

Horses Wanted.
Mr. Joe Kindig, of York, Pa., will be at Mose Daulton & Bro.'s livery stable, Maysville, Ky., on Tuesday, April 11th, 1899, and will pay the highest market prices for good, sound horses or mares from four to six years old, well broken and in good flesh. Bring in good ones and get the money for them. Don't forget the date.

MR. I. M. LANE killed a wild goose at the fair grounds shortly after noon Thursday. He had to crawl some distance to get the shot, and winged the goose as it started to fly.

He Fooled the Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from rectal fistula, he would die unless a costly operation was performed; but he cured himself with five boxes Bucklen's Arnica Salve, the surest pile cure on earth and the best salve in the world, 25 cents a box. Sold by J. James Wood & Son, druggists.

The Crowds Are Coming..

The first day at Hechinger's selling-out sale indicates that the people are going to take advantage of it. As unseasonable as the day proved to be, hundreds of customers were compelled to await their turn to be waited on. The efficient force of salesmen handled the crowds nicely and at the wind-up of the day's business it is believed all were waited on satisfactorily.

The stock being so large and consisting only of new choice goods, is a guarantee to those who perhaps find it inconvenient to attend the sale at its commencement, that they can rest assured that they will find the correct things no matter when they come.

Naming prices in newspapers gives the reader no idea of values.

Compare Hechinger & Co.'s goods with those of other houses at home or abroad and you will quickly see what this sale means to you.

PROVED FATAL.

Robert Powell, the Old Man Injured by Falling Off a Wall, Died at 12:15 Last Night.

Robert Powell, who fell off a stone wall on West Second street last Tuesday night, died at 12:15 o'clock last night at the Diener Hotel where he was removed after the accident.

He never fully recovered consciousness after the accident, and frequently vomited blood. His physician, Dr. Owens, was of opinion that the unfortunate man's death resulted from injury to the base of the brain. With exception of a few slight bruises on body Powell sustained no injury except to the head.

Decas was eighty-three years old, and was a brother of Mrs. Letha Fuller, of Moransburg. Mr. Prendergast, who works on the electric road, married a niece of deceased.

Deceased had been living in Lewis County but lately sold his small farm. He was not robbed in this city, as Chief of Police Donovan has his money and a land note for safe keeping.

The remains were removed to Means' undertaking rooms where an inquest was in progress at 10 o'clock.

NOTED SCULPTRESS DIES.

Miss Louise Lawson Passes Away at New York—Had a Number of Relatives in This County.

Mrs. J. D. Riley received a telegram Thursday announcing the death of her cousin, Miss Louise Lawson, a noted sculptress of New York City, which occurred April 5th.

Miss Lawson was a daughter of the late Dr. L. M. Lawson, the medical author, once dean of the Ohio Medical College. At an early age her artistic talent asserted itself and she was sent abroad to be educated and spent the most of her life in an atmosphere of art. She was a pupil of Rodin, of Paris, and of W. W. Story, of Rome. Her chief imaginative works are "Ayacanora," "The Rhodian Boy," and "The Origin of the Harp." She excelled in portrait sculpture and executed many busts. The Academy of Fine Arts of Perugia, Italy, presented a medal to her in recognition of the merit of her figure, "Ayacanora."

The first wife of the late H. Porter McIlvain, of this county, was a sister of deceased.

The remains will be buried at Spring Grove, Cincinnati, to-day.

Dry goods, shoes, clothing and groceries to the amount of several hundred dollars were taken from the store of J. D. Allen at Nonchalanta, Greenup County. The plunder was so considerable that his fine black horse was taken from the stable to carry the goods away.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store; every bottle guaranteed.

Notice!

Pickett & Alexander wish to call the attention of the insuring public to the new Combination Health and Accident Insurance Policy, the very latest and best upon the market.

The General Health will cover all the ills to which flesh is heir, with several exceptions, which will be fully explained by either member of the firm.

The Regular Health Policy, which costs only an additional fifty cents per thousand to Accident policies now in force, has no equal and pays a definite amount for both Blindness and Paralysis, also indemnity for loss of time caused from any of the following diseases: Typhus Fever, Typhoid Fever, Scarlet Fever, Small Pox, Varioloid, Diphtheria, Measles, Bronchitis, Pleurisy, Asiatic Cholera, Erysipelas, Appendicitis, Diabetes, Peritonitis and Pneumonia.

The accident feature covers accidents at home, at work, or while walking, running, riding, driving, hunting, boating, dancing, picnicing, bicycling, railroad, steamboat and street car accidents. Also assaults by highwaymen or beasts, falling objects, etc.

Who is exempt from slips, burns, falls, scalds, eye injuries, bruises, sprains, cuts and broken bones?

Do not forget that we are in the market to pay the highest cash price for Old Line Life Insurance policies.

LEGAL ACTION

Agreed Upon by the New Maysville and Lexington Turnpike Directors—Latest Move by Col. Baldwin's Opposers.

FRANKFORT, Ky., April 6.—The newly elected Board of Turnpike Commissioners from Maysville, elected after "King" Baldwin was deposed, held a meeting this morning jointly with the Board of Sinking Fund Commissioners in the office of Gov. Bradley.

The meeting was to arrive at an understanding as to the legal proceedings to be instituted against Baldwin to recover funds alleged to be due the State and other stockholders.

Legal proceedings have been determined on and will be instituted as soon as practical on a report of State Inspector Lester, who is to report on the affairs of the road.

Dr. BOWMAN, of Tollesboro, has announced his candidacy for the Republican nomination for State Senate.

The trustees of school district adjoining the Sixth ward advertise in this issue for sealed bids for erecting a school house at the corner of Clark and Brooks streets. The building is to be completed by August 15th.

A lazy liver may be only a tired liver, or a starved liver. But it would be a savage as well as a stupid thing to beat a weary man or a starving man because he lags in his work. So in treating the lagging liver it is a great mistake to lash it with drastic drugs. In ninety nine cases out of a hundred a torpid or sluggish liver is but a symptom of an ill-nourished body, whose organs are weary with overwork. Let your liver alone. Start with the stomach and its allied organs of digestion and nutrition. Put them in proper working order, and see how quickly your liver will become active and energetic. Dr. Pierce's Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretion of the blood making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.
